

SET-NET Quarterly Newsletter

**Surveillance for Emerging Threats to Mothers and Babies
Network (SET-NET) Project**

Nevada COVID-19 SET-NET Project

In collaboration with the Center for Disease Control and Prevention (CDC) and the Nevada Office of Public Health Informatics and Epidemiology (OPHIE), High Sierra Area Health Education Center (AHEC) collects, analyzes, and submits maternal health data as it relates to pregnant individuals and neonates who test positive for COVID-19. Our efforts strive to represent our jurisdiction, act as a resource, and develop, share and maintain educational materials for our State's OB/GYN Providers (doctors/nurses/nurse practitioners/physician assistants), pregnant individuals, their families, and our communities.

Funded as of August 2022

CDC

Nevada is one of the 31 Jurisdictions in the SET-NET Project, the map above shows the states and Cities/Counties that receive funding and participate in the SET-NET project.

Completed 2020 SET-NET Cases

* Maternal Cases Forms * Pregnancy Outcome Forms
* Infant Follow-up Forms

The figure shows the completion status of Nevada SET-NET COVID-19 cases in the maternal, pregnancy outcomes and infant follow-up forms.

SET-NET 2020 COVID-19 Positive Pregnant Individuals in Nevada

* Clark County * Washoe County * Carson City County
* Rural/Frontier

The figure shows the total of pregnant individuals who tested positive for COVID-19 in 2020 in Nevada and the county of residence. The second bar graph shows the distribution of the SET-NET sampled population among counties.

This publication was supported by the Nevada State Department of Health and Human Services through Grant Number 5 NU50CK000560-03-00 from The Center for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Department nor The Center for Disease Control and Prevention.

Our Partners

Join the Nevada Statewide Maternal and Child Health (MCH) Coalition

The MCH's mission is to provide leadership in partnership with public and

private organizations to improve the physical and mental health, safety, and well-being of the maternal and child population in Nevada, including children with special needs.

Join the Coalition
Today!

Northern Nevada MCH Coalition

The Northern Nevada MCH is a group of agencies focused on improving the health of women of reproductive age, infants, and children in Northern Nevada.

Southern Nevada MCH Coalition

The Southern Nevada MCH is a group of individuals and public and private agencies that advocate for perinatal, maternal, and child health services in Southern Nevada.

MCH Upcoming Events & Available Training Sessions

Free Perinatal Mood and Anxiety Trainings

Perinatal Mood and Anxiety Disorders, including postpartum depression, are the most common medical complications associated with pregnancy and childbirth. PMADs present a widespread public health problem that may have serious consequences for mothers, infants, and families.

Join us for a free training session if you'd like to learn more!

Register!

December 2022 Trainings:

- Tuesday 12/13/2022
11am to 12pm
- Friday 12/16/2022
10am to 11am

January 2023 Training:

- Tuesday 1/17/2023
2pm to 3pm

February 2023 Training:

- Friday 2/10/2023
10am to 11am

March 2023 Training:

- Tuesday 3/21/2023
2pm to 3pm

Visit the MCH Navigator

The MCH Navigator is a learning portal for Maternal Child Health professionals and students working to improve the health of individuals and families

The Trainings by MCH Leadership Competency page can be used to find learning opportunities related to specific knowledge and skill sets identified for each of the MCH Leadership Competencies.

Learn about Gestational Diabetes

Gestational diabetes is a type of diabetes that can develop during pregnancy in women who don't already have diabetes.

Every year, 2% to 10% of pregnancies in the United States are affected by gestational diabetes.

Managing gestational diabetes will help ensure you have a healthy pregnancy and baby.

Did You Know?

About 50% of women with gestational diabetes go on to develop type 2 diabetes but there are steps you can take to prevent it. Talk to your doctor about how to lower your risk and how often to check your blood sugar to ensure you're on track for a healthy pregnancy.

Don't let flu season sneak up on you. Get your flu shot before winter arrives!

3 Facts From the CDC About Flu Vaccination, Treatment, and Pregnancy

Pregnant women should receive a seasonal flu shot.

- Influenza is more likely to cause severe illness in pregnant women
- Getting a flu shot can reduce a pregnant women's risk of hospitalization from the flu by 40%

The flu vaccine is safe during pregnancy.

- Pregnant women should get the flu shot, NOT the live attenuated vaccine (LAIV or nasal spray)
- The CDC and ACIP recommend that pregnant women get vaccinated during any trimester of their pregnancy.

Antiviral drugs can treat flu illness and are recommended for pregnant women who are sick with the flu.

- Antiviral drugs can lessen symptoms and shorten the time you are sick
- Antiviral drugs can also prevent serious flu complications like pneumonia

**What Is Racial Trauma?
Understanding How Trauma Affects the Black Community**

Jamila Holcomb, Ph.D., LMFT, August 11, 2020

RELIAS

Racism, whether unconscious or overt, has long-term impacts on the mental and behavioral health of Black communities. While COVID-19 and racial injustice protests may have brought on new trauma, years of systematic racism, discrimination, and microaggressions have forced Black communities to live in a constant state of high alert, causing traumatic stress.

Watch our on-demand webinar, [What Is Racial Trauma?](#), to hear Jamila Holcomb, Ph.D., LMFT, discuss how racial trauma affects the Black community and ways both clinicians and organizations can better connect with Black clients. During the webinar, you'll learn:

- How racial trauma affects the mental, emotional, and physical health of the Black community
- The impacts racial discrimination can have on Black youth and emerging adults
- Strategies to help clinicians and organizations better connect with their Black clients
- How can organizations help all staff members understand their own implicit bias

Set the Standard, Light the Path

This time of year often offers space for remembrance of the people who came before us and lit the path we walk upon. Native American Heritage Month offers us a chance to learn more about the First People of this country, their wisdom, and their many gifts. As we continue to learn, MHLIC has a growing catalog of resources that centers on American Indian and Alaska Native people. If you know of an important resource related to maternal health and/or health equity, please share. We invite you to listen, read, and share.

Recognizing Urgent Maternal Warning Signs in the Postpartum Period

Dec. 8, 2022

Pregnancy-related deaths can occur up to one year after the end of pregnancy. Native American, Alaska Native, and Black women are two to three times more likely to die of pregnancy-related causes than White women. More than 80% of maternal deaths could be prevented.

This session is intended for non-obstetrical clinical services providers and staff, and will feature three speakers with expertise in preventing pregnancy-related deaths.

Recognizing Urgent Maternal Warning Signs in the Postpartum Period

December 8th | 3pm-4pm ET

Elena Jenkins
RN, BSN, Nurse Manager and Team Lead for a hospital-based Birth Equity Initiative and AIM Clinical Champion

April Chavez
Survivor, Patient Advocate, and Maternal Sepsis Spokeswoman for END SEPSIS

Dr. Tiffany Messerall
DNP, APRN, WHNP-BC, RNC-OB, Evidence-Based Practice Lead for OhioHealth and AIM Clinical Champion

Cultural Transformation of Maternal Health Programs and Models – Training Indigenous Lactation Counselors

Dec. 15, 2022

The Indigenous Lactation Counselor training is a course that provides foundational lactation education to Native people so they can provide clinical lactation support in their communities.

The Indigenous Breastfeeding Counselor training was created by Camie Jae Goldhammer, MSW, LICSW, IBCLC (Sisseton-Wahpeton). Camie and Kimberly Moore-Salas, IBCLC (Diné) are the instructors. Attend this webinar Dec. 15 to learn more about this culturally transformative and informative training.

Shared Events Around the Community

We would like to share these events from our partners

Night of the Lotus:

A Curious Affair

with Urban Lotus Project

Friday, December 9th

6:30 - 9 P.M.

General \$75 VIP \$150

Mad Tea After Party

9 - 10:30 p.m.

FUNDRAISING EVENT SPONSORSHIP OPPORTUNITIES

Urban Lotus Project's fundraising event is dedicated to raising awareness for mental health for at-risk youth in Northern and Southern Nevada.

All proceeds will go towards supporting and training our teachers, providing equipment, and offering trauma-informed yoga + meditation classes to Nevada's youth who have or currently are experiencing violence, addiction, incarceration, recovery, and homelessness.

Diamond Sponsor - \$1,000

- 4 VIP event tickets
- Business spotlight during event presentation.
- Listing as a sponsor on all event marketing materials including social media posts and event websites.
- 2 VIP Parking spots
- Name + logo displayed in event program, presentation, invitations, and event space.
- Custom yoga + meditation event for your office or organization in 2023
- Urban Lotus Project filled swag bag

Silver Sponsor - \$850

- 4 VIP event tickets
- Name and/or logo displayed in event program, presentation, invitations, and event space
- Urban Lotus Project filled swag bag
- Listing as a sponsor on all event marketing materials including social media posts and event websites.
- 2 VIP Parking spots.

Ruby Sponsor - \$500

- 4 event tickets
- Urban Lotus Project filled swag bag.
- Name and/or logo displayed in event program, presentation, invitations, and event space.
- Listing as a sponsor on all event marketing materials including social media posts and event websites.

Amethyst Sponsor - \$350

- 4 event tickets
- Name and/or logo displayed in event program, presentation, invitations, and event space.
- Listing as a sponsor on all event marketing materials including social media posts and event websites.

Quartz Sponsor - \$100

- 2 event tickets
- Name and/or logo displayed in event program, presentation, invitations, and event space.
- Listing as a sponsor on all event marketing materials including social media posts and event websites.

Who is High Sierra AHEC?

High Sierra Area Health Education Center is a federally and state funded 501(c)(3) nonprofit committed to serving under-served and rural population of Northwestern Nevada in collaboration with the University of Nevada, Reno School of Medicine and the Office of Statewide Initiatives. High Sierra AHEC serves the following counties: Carson, Churchill, Douglas, Lyon, Storey, and Washoe. Our purpose is to meet the needs of the communities we serve through robust community-academic partnerships, with a focus on recruiting, developing, and cultivating our health care workforce pipeline. Through a variety of valuable partnerships we develop future leaders in health care.
